PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science undergraduate with hands-on experience building responsive full-stack web applications using the MERN stack. Skilled in developing scalable UI components, REST APIs, and database-driven applications, with a strong grasp of Data Structures, OOP, DBMS, and SQL. Passionate about creating user-friendly digital experiences through modern UI/UX principles and optimized frontend performance.

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, SQL

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Node.js, REST APIs

Database: MongoDB,SQL

Tools & Platforms: Git, GitHub, VS Code

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Keywords: MERN Stack, React.js, Node.js,MongoDB, MySQL, REST API, JavaScript, Java, C++, SQL, Git, GitHub.

PROJECTS

Smart Task Management System

- Developed a full-stack MERN application with secure authentication, CRUD operations, and personalized task dashboards.
- Integrated MongoDB to manage 500+ task records, improving backend query performance.
- Designed responsive UI components to improve accessibility and overall user experience.

Stack: React.js, Node.js, Express.js, MongoDB

Campus Event Booking Platform

- Built a MERN-based platform enabling students to discover, register for, and manage college events digitally.
- Developed an admin dashboard for participant tracking and booking management using REST APIs.
- Improved frontend responsiveness and interactivity using reusable React components.

Stack: MERN Stack, REST APIs, CSS3

Restaurant Finder & Review System

- Developed a restaurant discovery platform with search filters, ratings, and review functionality.
- Integrated MongoDB to manage restaurant details, reviews, and user activity data efficiently.
- Enhanced UI/UX with responsive layouts and interactive frontend components.

Stack: React.js, Node.js, Express.js, MongoDB

EDUCATION

Bachelor of Engineering in CSIT — Chameli Devi Group of Institutions, Indore *Expected 2027*

- Current Score: 66%

Higher Secondary Education (XII) — Simple R.K. Education School, Bareli *2023*

- Score: 75%

Secondary Education (X) — Simple R.K. Education School, Bareli *2021*

- Score: 80%

CERTIFICATIONS

- NPTEL — Programming in Java Certification (2024)
- Introduction to Frontend Development — Coursera
- C++ internship program in Codsoft.
- Database Management System Basics — Coursera

ACHIEVEMENTS

- Represented institution at the State Level Handball Championship (2020), demonstrating leadership, discipline, and teamwork.
